

BAR ASSOCIATION GIVES \$10,000 TO INCREASE LAW RELATED RESOURCES AT THE LIBRARY

The Johnson County Bar Association has given \$10,000 to the Library Foundation to establish an endowment fund to support the purchase of legal materials and provide legally-related services. Association President Sharon Mellon told the library, "We hope the income this gift will generate will help the Iowa City Public Library build a stronger collection of law-related resources to benefit a broad cross-section of Johnson County."

The gift was received in response to the library's Centennial Endowment campaign which is raising funds to provide a permanent source of income for enhancing library collections and programs, and qualifies as match for the library's \$125,000 National Endowment for the Humanities Challenge Grant.
